Area of expertise?

I have gained expertise in varying areas through my career path in Cooney Carey from data entry to preparation of management accounts to completion of Audit file for our Auditors.

How do you like to spend your time outside of work?

Going to the Cinema, reading, particularly legal and forensic science thrillers. Also gentle walking holidays in County Clare along the Burren Walk Ways as can be seen from my photo taken last week

What's your favourite food?

Many favourites, but top of the list would be perfectly cooked fillet steak

What's your favourite restaurant?

One Pico – some very enjoyable meals there, my favourite was “the bitc**s lunch”, you know who you are!

Where is your favourite holiday destination?

Italy – Lake Garda

Recommend a movie/TV series?

The Walking Dead – Horror and Drama brilliantly done – I do confess though, sometimes when watching, I have to hit the mute button

Ok serious question.... Cash flow management on the scale of 1 to 10:

It is imperative to have proper procedures and controls in place, for us, this starts with the Quotation being issued and ends with the Cash being collected and money in the Bank. We all know Cash Collection is key and has been difficult for all companies, it is vital to have strong controls and review processes in place. We identify problems early and resolve them quickly.
